Scarf - 72x192 cm ~ 28¼x75½"

Fine Fabric – Polyester and Cotton Blend, Fine Ring-Spun Yarn

Fine ring-spun yarn is a type of yarn known for its softness and strength. It is produced through a spinning process in which the fibers are twisted together in a continuous ring, resulting in a smoother, finer, and more durable yarn compared to open-end spinning. Fabrics made from ring-spun yarn are generally more comfortable and of higher quality. They are commonly used in garments such as T-shirts and other items where a soft hand feel is desired, such as our scarves, for example.

Weight: 240g
